

VenVolt 2 Site Survey Battery Pack

The new VenVolt 2 is Ventev’s next-generation battery pack engineered to power 802.3af/at/bt (Type 4 - 90W) access points while conducting site surveys, as well as other mobile devices such as laptops, tablets and cellphones. It features a state-of-the-art 26400mAh/98Wh Lithium Polymer Battery with excellent thermal stability and high-power capacity, that safely charges and discharges. Additional features include a 56V PoE output and three USB ports. The streamlined VenVolt 2 is protected by a durable aluminum casing and includes a carry case that mounts to a pole during surveys. The VenVolt 2 is covered by *Ventev’s one-year TerraNet warranty program.*

SPECIFICATIONS

SKU: 262316

Model Number: VNV-SSBP-VVLT2

Dimensions: 8.47 x 5 x 1”

Product Weight: 2.2 lbs / 1 kg

Shipping Weight: TBD

Mounting: Pole Mounting case

Construction: Aluminum casing

Battery Type: Lithium Polymer

Battery Capacity: 26400mAh/98Wh

USB Type A: Output: 5V/3A; 9V/2A; 12V/1.5A (18W max)

USB Type C: Input: 5V/3A; 9V/3A; 12/3A; 15V/3A; 20V/3A. Output: 5V/3A; 9V/3A; 12/3A; 15V/3A; 20V/3A; PPS 3.3-21V/3 (60W max)

RJ45 Connectors: 24V Gigabit PoE output 802.3af/at/bf, Gigabit PoE output , LAN (RJ45 Gigabit)

FEATURES AND BENEFITS

- Compatible with most 802.3af/at/bt (Type 4) indoor and outdoor Wi-Fi access points.
- 26400mAh/98Wh lithium polymer battery for enhanced charging and capacity. This is the largest battery capacity available that complies with TSA requirements for carry-on luggage.
- Ruggedized metal casing protects from damage
- 56V PoE output port
- Easily transportable
- USB Type A charges mobile devices (Phones, Tablets, etc.) while powering an access point
- USB Type C charges mobile devices (Phones, Tablets, Laptops, etc.) when not powering an access point. Universal cable and wall power adapter which is easy to replace if lost or damaged.
- Includes external case that enables temporary pole mounting on poles from 1” – 2.5” OD.
